Resolutions

RESOLUTION

Mrs. John Curtis Caldwell

Time's scythe has swept another year
And bound it in its sheaf,
In all our lives God's hand
Folds down another leaf.

With deepest sorrow the Woman's Club of Appomattox pays tribute to the memory of one of its Organizing and Charter Members, Bessie V. Harwood Caldwell, whose death occured on June 24th, 1955.

Public spirited to a high degree she was an unfailing worker in all good causes. Over the years every progressive movement in Church and community has owed much to her support, for Bessie V. was a leader in educational, health, recreational, and civic activities. From early youth she was a faithful and devoted member of Liberty Baptist Church, and was a pillar of strength in its organizations and Church life.

We pay tribute to her life of inspiration and accomplishments. She was devoted to her children, family, and home; always loyal to her friends; true to her convictions; strong in her Christian faith, and optimistic in her outlook. Even unto the end her thoughts and plans were in consideration of others.

In spite of her progressing illness she kept up with her usual interests with a courageous spirit. In no greater way did she exemplify her bravery than in her efforts to seek and use every known means of medical treatment, not solely for the purpose of her own recovery but also that others similliarly stricken might be helped.

Though she is gone, always in our midst is she because "Love makes memory eternal."

Mrs. Robert C. Hubbard
Mrs. Joel W. Flood
Mrs. Jerry A. Burke, Chairman
Resolution Committee.

BOY, 12, SAVES BROTHER

Jacksonville, Florida.- Just as 12-year-old Lafayette Ward stepped off the school bus at his house, he saw a diamondback rattlesnake coiled not too far from his 8-year-old brother, Conmy. Cautioning the boy to stay very still, Lafayette ran into the house, got his father's shotgun and blasted the rattler. His father had taught him how to handle the gun.

Subscription rate: $2.00 a year; payable in advance.

4-H'ers Eliminate "Accident Havens"

How many hazards can you find?*

SAFETY, a crop to be harvested on every farm and in every home, is receiving special attention from more than one-half million 4-H Club members taking part in the 1955 National 4-H Safety Program.

As a part of their 4-H Club work, members in all 48 states are correcting hazards such as those seen in the above drawing. They are attempting to reduce the Nation's annual farm toll of 14,500 lives, 1,250,000 injuries, and an economic loss of about a billion dollars.

4-H'ers, working as individuals or in groups through their local clubs, conduct surveys to locate hazards, then correct the unsafe conditions. They give demonstrations on hundreds of topics pertaining to farm, home and highway safety. Members present talks before group meetings and over radio and television; put displays in store windows; and build booths at fairs.

To assist the Cooperative Extension Service in conducting the 4-H Safety Program, General Motors has just published a new "4-H Safety Handbook for Local Leaders," which provides how-to-do-it ideas for carrying out successful safety programs. Copies of the manual will be distributed to volunteer 4-H leaders through County Extension Offices.

In addition, GM provides incentives in the National 4-H Safety Awards program which is arranged by the National Committee on Boys and Girls Club Work. Medals are made available to four county winners; an all-expense trip to the National 4-H Club Congress in Chicago is given to the state winner; and $300 college scholarships are presented to eight national winners.

*In the drawing, there are more than 45 accident hazards or unsafe practices shown. Don't let them occur on your farm or in your home.
